

I am writing to
protest Sinclair
Broadcasting's move
to force their
stations to air an
anti-Kerry
documentary days
before the election.
As I understand it,
Sinclair uses the
public airwaves at
no cost, and must by
law serve the public
interest. Such a
one-sided
documentary being
forced down the
throat of
communities across
the country is
clearly not in the
public interest,
but a very
corporate.

Please do what you
can to stop Sinclair
and this very
anti-Democracy
action.

Thanks.
